Lansing, MI 48909

Dear Justices:

L.I.F.E.R. (Lifer Inmates and Families for Equitable Reforms) is a 300+ member organization that agrees with James Sterling Lawrence on every objection in the changes to the already "NOT FAIR Court Rules". The new proposals are extreme and would leave attorneys and defendants helpless without any other means of justice. Please provide an equal balance of justice in all Michigan Courts.

The LIFER Organization is dedicated to community awareness by educating the public on current prison concerns and alternative solutions such as: Reforming the Michigan Parole Board to offer already declared intent and understanding of judges and legislators that "Life means 10 to 15 years; To stop unjust failure to be fair to prisoners by keeping non-violent prisoners past their earned release date and; Requiring the Parole Board to follow parole guidelines that were created for fairness and balance.

*Justice denied anywhere diminishes justice everywhere.
Martin Luther King, Jr.*

Thank you!
LIFER Organization
